

Music Enrichment

At Kings Avenue, we enrich the curriculum with visits and trips liked to ensure an exceptional Quality of Education.

In Music we visit a London Concert Hall every term to learn about instruments and composing as well as appreciate a range of music styles.

The most recent visit was to the Royal Festival Hall where the children explored different instruments and listened to a range of music.

At Kings Avenue every child learns a musical instrument and often performs for the school, their parents and at public events such as carol concerts etc..
